SAVE *the*  
BOUNDARY WATERS

## For the Boundary Waters

Join us for these community events across the state meant for every Minnesotan who cares about the Wilderness.

It's more important than ever to get engaged and help protect the Boundary Waters. That's why we'll be at the Cook County YMCA from 10:00am-12:00pm on September 20th.

*Learn more  
and RSVP  
here!*

Each event will feature engaging speakers, including our Executive Director Ingrid Lyons, who will dive into detail on the issue and where we are right now. Learn how you can immediately take action to protect the Boundary Waters, through a series of hands-on activities where you can interact with staff and learn about types of political and community activism that you can engage in right in your own backyard.

Refreshments will be provided, and Save the Boundary Waters stickers and merch will be available!
